SHORT DESCRIPTION

Digital ESD is an interactive learning platform that helps primary school teachers introduce sustainability education in the classroom. It offers digital teaching materials focused on the Sustainable Development Goals, especially for students aged 9-11. The platform includes interactive Learning Worlds, animated learning videos, tasks, activities, teacher guides and student workbooks.

Escape Rooms for Green Entrepreneurship

Co-funded by the European Union

This project has been funded with support from the European Commission. This publication reflects the views only of the author, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

SUGGESTIONS

- Use the platform to introduce the Sustainable Development Goals in primary school lessons.
- Choose one Learning World connected to the SDG you want to teach.
- Start with the animated boardstory to engage students.
- Use the interactive tasks for group work or classroom discussion.
- Give students the workbook activities as follow-up exercises.
- Use the teacher guide to prepare background information and practical examples.

KEY WORDS

- Sustainability education
- Primary school
- Interactive learning
- Digital teaching materials
- Teacher guide
- Student workbook

LANGUAGES

Available languages: English, German, Hungarian, Greek and Norwegian

PRICING

Digital ESD appears to be free to access through the website. The teaching materials are available online, and the website states that the work is licensed under a Creative Commons Attribution-NonCommercial-ShareAlike 4.0 International License
