Our Planet, One Planet

The link: https://www.youtube.com/watch?v=GfO-3Oir-qM

SHORT DESCRIPTION

This video explores how ecosystems are interconnected and highlights how human activities and climate change affect biodiversity and the natural world. It shows that the health of one species or environment can have consequences across the entire planet.

Escape Rooms for Green Entrepreneurship

Co-funded by the European Union

This project has been funded with support from the European Commission. This publication reflects the views only of the author, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

SUGGESTIONS

The video is a good start to promote more conscious citizenship. It increases awareness of environmental challenges and encourages viewers to reflect on the impact of their own actions. It also fosters a stronger sense of responsibility toward nature, sustainability, and the importance of protecting the planet for future generations. After watching the video, learners could be invited to discuss together the human activities that directly affect the planet and explore ways to reduce their environmental impact (whether by limiting harmful actions or promoting positive ones).

KEY WORDS

- Environmental Challenges
- Eco-friendly
- Social Impact
- Sustainability

LANGUAGES

English.
