EcoRise - mobilizes a new generation of leaders to design healthy, just, and thriving communities for all.

The link: https://www.ecorise.org/

SHORT DESCRIPTION

A set of STEM and sustainability lessons designed for engaging students in at-home learning environments.

Escape Rooms for Green Entrepreneurship

Co-funded by the European Union

This project has been funded with support from the European Commission. This publication reflects the views only of the author, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

SUGGESTIONS

Assign as extracurricular activities to promote sustainability awareness among students. Use EcoRise student innovation projects to inspire green entrepreneurship workshops and help participants assess real environmental impacts in their school or community. Align EcoRise challenge topics with workshop themes like waste, water and energy. Invite students to submit their solutions. Use the educator guides to train facilitators before running sustainability workshops. Adapt ready-made lesson plans to support role-specific learning with green entrepreneurship themes.

KEY WORDS

- Sustainability
- Education
- Eco-friendly
- Environmental challenges

LANGUAGES

English, Spanish.

PRICING

Free access, a donation requested.
