

Climate Classroom @COP27 – Green and Digital Entrepreneurship

The link: <https://www.uncclearn.org/climate-classroom-cop27-green-and-digital-entrepreneurship-women-and-young-peoples-perspectives/>

SHORT DESCRIPTION

An online class focusing on green and digital entrepreneurship from the perspectives of women and young people. Plus a wealth of resources for additional learning.

SUGGESTIONS

Focus on the “Resources for Additional Learning” section to enrich your workshop. Use featured materials like the Women’s Entrepreneurship Accelerator to offer students extra case studies and practical tips. Encourage teams to explore these links to understand how green business ideas can promote both sustainability and social inclusion. Assign specific resources to different roles to deepen their understanding. These materials can also be shared after the workshop for continued learning and inspiration.

KEY WORDS

- Green Business
- Green Economy
- Education
- Eco innovation
