

# Entreprises Pour l'Environnement (EPE)

The link: <https://www.epe-asso.org/en/climate-change/>

## SHORT DESCRIPTION

Entreprises pour l'Environnement (EpE) 's purpose is to improve the business world's environmental credibility and to lead an ecological transition compatible with the planetary boundaries, the economy, socially accepted and even desired.

## SUGGESTIONS

EPE offers practical guides, reports, and real-world case studies to help organizations and individuals address climate change. EPE tools could be used to raise awareness on climate issues and empower youth to take climate action. Participants could work in teams to explore a local environmental issue or offer support to a company looking to become more climate-resilient.
