

# Escape Rooms 4 Cultural and Creative Industries

The link: <https://er4cci.eu/>

## SHORT DESCRIPTION

ER CCIs is an European Erasmus +, aimed to improve the awareness of young people of the importance of developing their entrepreneurial skills and offer them guidance on their career path in the CCIs.

## SUGGESTIONS

This resource can be used as an engaging introduction to sustainability topics for young people. It is ideal for workshops, training sessions, or school projects focusing on green behaviors and eco-consciousness. The gamification aspect, inspired by Ant Forest, can be adapted into classroom games, digital challenges, or escape room activities that promote green habits such as tree planting, recycling, or reducing carbon footprints. Particularly effective in youth entrepreneurship programs to demonstrate how sustainability can be integrated into business models.

## KEY WORDS

- Gamification
- Education
- Green business
- Sustainability
- Social Impact
