SHORT DESCRIPTION

Oxfam is a global movement of people united to end the injustice of poverty. The organization fights the inequalities that keep people in poverty by helping them build better lives for themselves and others. It focuses on key issues such as land rights, climate change, and discrimination against women.

SUGGESTIONS

Oxfam provides many valuable resources that can help introduce specific subtopics related to green entrepreneurship: sustainability, climate and social justice, Fair Trade, etc. In order to promote green entrepreneurship, people need to understand what's at stakes: the environmental, social, and economic challenges that green initiatives aim to address.

KEY WORDS

- Sustainability
- Environmental challenges
- Social Impact
- Education
- Gamification
