SUGGESTIONS

This digital toolkit can be effectively implemented by secondary school teachers to introduce students to the core principles of sustainable development and international cooperation. It is especially suitable for structured lesson planning, thematic units, and cross-curricular activities related to Agenda 2030 and the 17 Sustainable Development Goals (SDGs). Teachers can use it during regular classes like civics, geography, global studies, or social studies. It can also work well for after-school activities like sustainability clubs or school campaigns
