

Green Entrepreneurship Online Workshops

The link: <https://www.youtube.com/watch?v=D9cj02jQh2E>

SHORT DESCRIPTION

A series of online workshops focusing on green entrepreneurship that can enrich youth activities in this field.

SUGGESTIONS

Show a short clip to introduce the topic and spark discussion. Assign role-based viewing tasks. Pause after key moments for students to reflect on how the content connects to their own projects. Use it as a substitute for a guest speaker in remote settings. Follow up with a quick written or group reflection: "What idea from the video could improve your team's solution?" This makes expert content accessible, even in short workshop formats.

KEY WORDS

- Green Business
- Entrepreneurship
- Environmental challenges
- Sustainability

LANGUAGES

English, French, Spanish.

PRICING

Freely available on a YouTube channel.
